Chris VanWagoner
Provider Network Manager
1999 Walden Drive
Gaylord, MI 49735

Chris,

I'm happy to share that we are expanding our service locations to add an offsite outpatient location that will offer mental health PHP and IOP services. The location will share the hospital tax-id number of 23-2285657 and the hospital NPI number of 1740251313.

The physical address of the new location is:
Forest View Hospital
2172 East Paris Ave Suite A
Kentwood, MI 49546

We are requesting the addition of this location to our current contract and to your provider directory. Finally, we are requesting the assignment of our current PHP and IOP reimbursement rates to the new outpatient location in addition to our current location.

What additional information or documentation do you need from us to make this happen as soon as possible? We look forward to treating your consumers in this new location.

Regards,

Michael Nanzer
Chief Executive Officer
Forest View Hospital
