INTRODUCTIONS

Chris welcomed committee members to the meeting and attendance was taken.

REVIEW AGENDA & ADDITIONS

No additions to the meeting agenda were requested.

APPROVAL OF PREVIOUS MEETING MINUTES

The May 13th minutes were included in the meeting materials and approved by consensus.

Chris noted that although he intends to seek clarification from MDHHS regarding any requirements to check the National Practitioner Data Bank (NPDB), he is going to wait until he receives the HSAG Compliance Examination report (expected September 4th). At the time of recredentialing, the NPDB is used to check civil judgements and settlements related to healthcare. NPDB search findings are proprietary to the organization conducting the search.

PRIOR ACTION ITEMS

Set Up a Demo for Universal Credentialing/Email Leads About Providers

Credentialed Out of Region

Chris conducted a demonstration of the Universal Credentialing CRM during the regional Provider Network training on June 2nd.

Review List of Directory Services

HSAG recommended that a list of the services included in regional directories be developed to ensure continuity of terms and listings across the region. A proposed list of service types was included in the May meeting materials. The types of Long Term Supports and Services listed came from the statewide PCE Grievance and Appeal workgroup, which were adopted by the regional Quality and Compliance Oversight Committee (QOC) as part of the NMRE's FY25 Quality Assessment and Performance Improvement Program (QAPIP). Chris asked the CMHSPs to review the List of Services prior to today's meeting. No objections were noted.

OUT-OF-REGION SUBSCRIPTION MODEL IN THE UNIVERSAL CREDENTIALING CRM

During the May meeting, Kacey asked whether anyone has been able to subscribe to the credentialing of other agencies.

Chris opened the Universal Credentialing CRM and selected the PSV that was created by another agency, then selected Actions → Subscribe → Next. The next window reads, "Please download the Quality Checklist template and upload a completed copy." Although the other agency already provided a completed Quality Checklist, this step cannot be bypassed. Chris agreed to seek clarification from MDHHS regarding the need for this step.

FY26 MENTAL HEALTH BOILERPLATES

Chip sent the proposed FY26 Boilerplates to Chris, which he has shared in the Teams folders. Added language for FY26 is displayed in red print. The CMHSPs were given the authority to use the boilerplates for their FY26 contracts.

UNIVERSAL CREDENTIALING

This topic was discussed under the "Out-of-Region Subscription Model in the Universal Credentialing CRM" Agenda item.

A Universal Credentialing subgroup kickoff meeting is scheduled for June 24th at 2:00PM.

FY25 Q1/Q2 Credentialing Report

The Credentialing Report for Quarters 1 and 2 of FY25 was submitted to MDHHS by the May 15th due date.

CHECK IN – PROVIDER DIRECTORIES (HSAG 2024)

Machine Readability (HSAG 2024, SI, E20) & Organized by County (HSAG 2024, SI E 18)

Chris reviewed the machine readability of the CMHSPs Provider Directories during the meeting. Centra Wellness, Northeast Michigan, Northern Lakes, and Wellvance are all set. Some updates for physical accommodations, linguistic capabilities/cultural competency, etc. are needed for North Country. A csv version also needs to be uploaded.

Kacey asked whether there is a standard that requires providers' hours of operation to be listed on the Provider Directory. Chris responded that hours of operation are not required based on the HSAG Compliance Review Provider Directory Checklist and 42 CFR 438.10(h)(1-2).

HOSPITALS

Havenwyck Partial Hospitalization Address Change

The new address for Havenwyck's Partial Hospitalization program effective June 6th was provided as:

Havenwyck Hospital, Inc.
1500 University Drive, Suite 173
Auburn Hills, MI 48326

Chris added a contract amendment to the Teams folder.

NeuroPsychiatric Hospitals

Chris requested rate information from Justin Donato on May 30th. More to come.

Henry Ford Acadia Kingswood Joint Venture

Henry Ford Acadia is awaiting CMS approval. The facility may be used for general fund clients.

StoneCrest ORR Investigation – Unsubstantiated

Pat reported an ongoing rights investigation at BCA StoneCrest Center during the May meeting. The investigation was unsubstantiated and Centra Wellness has resumed admissions.

Invalid NPIs

Chris receives quarterly notifications that the Psych HRA Erroneous Invalid NPI files and Standard Invalid NPI files have been sent through the File Transfer Application. Chris then downloads the report and reaches out to the CMHSPs to correct the incorrect/invalid NPI numbers.

HCBS UPDATE

The MDHHS HCBS Leads Group is currently remediating surveys. The NMRE did not have information in its system to show which CMHSPs participate with Montgomery's, Rathbone, and Texas Manor AFC. Kim noted that Montgomery's was previously remediated.

REGIOINAL/STATEWIDE EVENTS, CONFERENCES, TRAININGS, NEWS

- **CMHAM Summer Conference** – June 10th – 11th in Traverse City
- **Universal Credentialing System Meeting** – June 24th at 2:00PM
- **CMHAM Recipient Rights Conference** – September 17th – 19th in Kalamazoo.
- **CMHAM Fall Conference** – October 27th – 28th in Traverse City.

NEXT MEETING

The next meeting was scheduled for July 11th at 10:00AM.

Subject: UC Expired Documentation (BH CRM Update)
Date: Friday, June 27, 2025 10:07:01 AM
Attachments: imaqe001.png

Good morning, Universal Credentialing Admins,

We recently discovered a bug in the BH CRM system that resulted in the failure to categorize expired Universal Credentialing (UC) documentation. Therefore, UC profile statuses did not update to a status of "Expired Documentation" and no email notification was sent to the UC Provider contacts or the RCC Admins.

We will be implementing a fix on Wednesday July 2, which will move any expired UC documents and profiles to an expired status. This will result in receiving multiple emails indicating that profiles have expired documentation at midnight on 7/3. These emails are not being sent in error, they are accurate and legit. The providers will also be receiving notifications of any expired documentation.

Please utilize the below job aids for next steps following an Expired Documentation status:

Request Revisions	Submitted Credentialing Profile - Request Revisions	How to request revisions for a submitted credentialing profile	PIHP/CMHSP Admin
Expired Documentation	Expired Documentation	How to remediate expired documentation on a Credentialing Profile	PIHP/CMHSP Admin
Open Profile for Edits	Expired Documentation - Open Credentialing Profile for Provider Edits	How to open a provider profile for edits when documentation is expired	PIHP/CMHSP Admin
General	Completing Requested Revisions	How to complete requested revisions	Practitioners

I apologize for any inconvenience. Please let me know if you have any questions.

Thank you,

Subject: Universal Credentialing

Good afternoon,

In efforts to ensure compliance with federal regulations and create efficiencies regarding Universal

Credentialing, MDHHS is planning to schedule a meeting with the PIHPs to discuss the topics indicated below.

The agenda currently includes the following topics:

- Review the current policy for needed updates, clarification, and guidance.
- System Updates(as applicable)
- Identify ongoing training needs.
- Review current and needed reports for oversite and monitoring.
- Develop a process of communication within your PIHP regions.

Please complete the poll by EOB July 11th, to identify times available and let me know if you have any additional agenda items.

FY2026 rates

Letter has been received from provider with their amendment template, including a transportation lump sum, rate request and very high SCA alternative. NMRE requests CMHSPs not to sign at this time.

Kalamazoo Behavioral Health Hospital (Potential NEW FY2026)**FY2026 rates**

This is Neuropsychiatric Hospital (Indiana) owned. Justin Donato is contact; correspondence from FY2024 (last year) indicates a rate of \$975 for adults and \$1150 for adults with IDD. I have requested clarification on how they would be billed, with a modifier? No contracts were made for FY2025. For FY2026, NMRE was provided codes of 0124 and 0114 (semi private and private inpatient) at \$1400, but nothing for our standard 0100 for all inclusive room and board. NMRE has requested clarification on if they would bill 0100, and if this rate would be similar to the rate provided last year, or if they do not plan to bill 0100 at all. More to come pending the hospital's response.

SUBJECT: Rates, Kalamazoo Behavioral Health

With this Memorandum, Neuropsychiatric Hospitals, LLC (NPH) is providing notice of rates for its new hospital, **Kalamazoo Behavioral Health**, located at 5802 S. 9th Street, Kalamazoo, MI 49009. The Hospital is opening with 64 beds to serve adults and IDD adults. We anticipate an opening date of May 1, 2024; however, it could be prior to or after July 1, 2024.

The following rates are effective from opening date through 9/30/2024 and are exclusive of admitting and attending providers:

Inpatient, adult: \$975.00 per day
Inpatient, adult, IDD: \$1,150.00 per day

We are excited and looking forward to opening this new hospital and working with the PIHPs and CMHCs to serve clients who need inpatient services. Should you have questions, please reach out to Mary Coats, Contracts Agent at mary.coats@n-p-h.net or by phone at 615-415-2249. Additionally, I can also be reached at emily.moheb@n-p-h.net.

Sincerely,

June 2025

To our CMH Partners:

As we begin preparing for October 1 and the upcoming contract cycle, we would like to take a moment to highlight the value Pine Rest delivers to the community.

Pine Rest consistently offers more cost-effective inpatient care than our competitors — both for adults and children/adolescents. Our average length of stay is 2.2 days shorter for adults and 3.5 days shorter for youth, resulting in lower costs per episode of care while maintaining high-quality outcomes. Pine Rest per diem may be higher but our lower length of stay, and lower readmission rates, reduce the total cost of care per case.

Regional Data for Fiscal Year 2024						
Provider	ALOS - Adult	ALOS - C&A	7 day Readmit Adult	7 day Readmit C&A	30 Day Readmit Adult	30 Day Readmit C&A
Pine Rest	8.6	8.1	3.4%	6.3%	2.2%	9.9%
All Others	10.8	11.6	4.1%	6.8%	4.0%	9.5%
Pine Rest Compared to All others	-2.2	-3.5	-0.7%	-0.5%	-1.8%	0.4%

Net Results: When accounting for the different per diem rates over the average length of stay, Pine Rest is 8% less expensive per adult inpatient stay and 12% less expensive per child/adolescent inpatient stay. This cost savings, combined with shorter lengths of stay, high-quality care, and lower readmission rates, delivers a significant value to our community.

The 2nd page has our list of services and CMH/Medicaid Pricing for October 1, 2025. Please note that the Direct Care Wage amounts are tentative and will be adjusted to reflect any rate increase approved by the State of Michigan this coming year.

Please send a new contract or a contract amendment to the current agreement as soon as possible, with an effective date of 10/1/2025. If you have any questions or would like to review our value proposition, please contact me. The data supporting our conclusion is on page 2.

Looking forward to working with you this coming year.

Hi Chris,

The Adolescent IOP program is at Midland only.

I have just confirmed that ECT is only in Midland as well.

Thanks,

Also wanted to confirm answers to 2 questions—the new less intensive, along with the intensive, will only be at Alma and Midland? Those are the only one with partial hospitalization I am aware of.

Which hospitals offer ECT? All of them or only certain ones?

Hi Chris,

FY26 is quickly approaching. Circling back on the below for a few items:

- When can we expect the base contract for review?
- In regard to rates for FY26, MyMichigan is changing the way they bill Partial Hospitalization to Revenue code 0913 (previously billed under rev code 0912).
Partial Hospitalization for FY26 and beyond will be billed as rev code 913, they are willing to keep the FY25 rate of \$632.42 per

diem for the FY26 contract.

- A new service we are requesting be added to the FY26 contract for revenue code of 0912 is Adolescent IOP services at \$459.42 per diem

See the below rates MyMichigan Health is requesting for the following all-inclusive rev codes and let me know if there are any issues with the requested amounts.

IP All-Inclusive (0100)	Partial Hospitalization Intensive (0913)	Partial Hospitalization Less Intensive (0912)	ECT (0901)
\$ 1,138.35	\$ 632.42	\$ 459.42	Medicare Fee Schedule

Good Morning Chris,

Where does time go? It's hard to believe but, I'm reaching out to you regarding FY2026.

We are currently working with Finance to advise what will be needed for FY26 rates but, I'd like to agree to terms and lock in the base agreement as soon as possible.

Can you please advise when we can expect a FY26 base contract for review?

Thanks!

Good afternoon,

As the Medicaid behavioral health system moves closer to fiscal year 2025, I want to ensure the NMRE's regional CMH contracts are prepared, and this means confirming agreed rates for our hospital contracts. Our regional committee must approve the rates, so please let me know if there is a request for the upcoming fiscal year and I will review. Our committee will meet on August 20th, so I would like to have any rate increase requests prepared ahead of time if possible. Please let me know as soon as you have the

opportunity.

Thank you and have a great weekend!

Chris
